**LED 5W = Halogen 20W** | **Super Bright LED Work Light** | *Made in Taiwan*

New Power 5050 SMD LED • 6000-6500K Cold White • SMD=surface-mounted device

Eco-friendly - Efficient - Longlasting
DC 5V
100V~240VAC

- **TOUGH** – Unbreakable LED SMD chips bulb never needs replacing ! Guaranteed to last at least 50,000 hours.

- **VERSATILE** – Long gooseneck with ball joint on light shade let you direct the light where you need it.

- **SAFETY** – Safer than breakable incandescent, fluorescent or halogen bulbs.
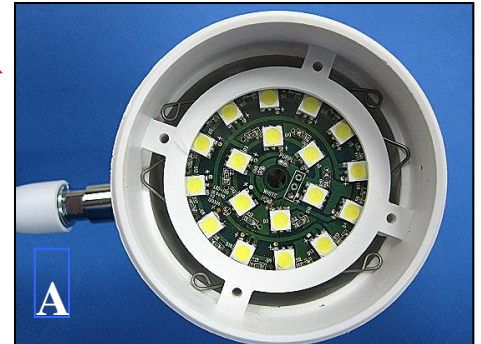

A : 18 x SMD 5050 cold white 5VDCx0.45A, 4.5W
#LED-B4.5Wx18WHSMD

Item No. LED-560N with 60cm(23.6") long gooseneck & "C" clamp

LED-570N -ditto- but 70cm (27.6")

N.B. When ordering, please specify color – white or black

Features:

* **EMERY®** worklights bring your equipment out of the dark age.

* **EMERY®** worklights will help you get the maximum productivity you need from your two most valuable assets, your people and your equipment. Good lighting is an essential part of each workstation. Poor lighting increases absenteeism through eye strain, stress and headaches.

* **EMERY®** worklights deliver near daylight conditions at the point of work, where it is most needed.

* They are easy to adjust, resist equipment vibration and avoid obstructing the work.

* The lights require minimum maintenance and are energy efficient.

B: 9 x SMD 5050 cold white 5VDCx0.45A, 2.25W
9 x SMD 5050 UV 5VDCx0.47A, 2.35W
#LED-B4.6Wx9UV+9WH

3-way switch for switching to UV and bright light   Type : B

2-way ON-OFF switch for bright or UV light   Type : A, C

C: 18 x SMD 5050 UV 5VDCx0.45A, 4.7W
#LED-B4.7Wx18UVSMD
